We are stepping into a dynamic chapter of ministry to serve all of our neighbors. The church is growing ministries of Invitation so we meet new neighbors, Connection so relationships with Christ and one another flourish, and Sending to serve God's hurting world. It is an exciting and perfect time to grow the most important relationships in your life at Christ UMC. The ways you give and grow will dynamically shape how we serve Franklin and surrounding communities in 2019. #christumcfranklin #neverabettertime #stewardship2019

Giving to Christ

At the heart of our mission at Christ United Methodist Church is our relationship with God, who created us and loves us unconditionally and who sent his only Son for our salvation. Through worship, Bible study, Christian fellowship in small and large groups, and acts of kindness and outreach to others, we do our best to reflect Christ's love for all people. We take seriously God's call on our lives. Children, youth and adults of every age are included in our commitment to provide sacred space for the nurturing of each person's growing relationship with God.

With One Another

We are committed to nurturing our relationships with one another, supporting and encouraging each other with Christ's love. Whether it be through sharing a meal together on Wednesday nights or sharing communion together on Sunday, we pray and read scripture together; we even exercise together! Our multi-generational family not only serves side by side throughout all of our ministries here at Christ UMC, but we also have fun together with activities like our All Church retreat or the Firefly Festival. We laugh and work together in all we do.

God's Hurting World

Responding to God's call to love those in need allows us to serve in over 20 outreach ministries in our community and across the globe. We have unique local ministries such as the Christ's Closet clothing giveaway, the Prison Ministry, Project Transformation, and our Johnson Elementary Partnership. We collaborate with additional local ministries, supporting their efforts to serve those in our community. Our missions extend to schools in impoverished areas around the world. In all we do, we seek to become the hands and feet of Christ, improving the lives we touch.
