

International Outreach Opportunities

NICARAGUA PROJECT - Ministry Coordinators: *Gene & Marnie Cotton*

We are a community-to-community outreach program of Christ UMC that seeks long-term relationships in Nicaragua. The project supports "Centro Alternativo Proyecto 19 de Julio", a local school in Managua, Nicaragua. While mission trips are currently suspended due to political unrest, we welcome help mentoring Nicaraguan families who are recent immigrants in the Franklin area. Donations of hardback Spanish or Spanish/English children's books are also needed.

RAISE THE ROOF ACADEMY - Ministry Coordinators: *Marcia & Randy Stoner*

We develop high-quality education centers, provide community health programs, create income generating opportunities, and grow alongside local leaders in three districts of central Uganda. We welcome volunteers willing to sponsor students, help with mailings in our Nashville office, prepare for summer mission trips, and/or travel with us on summer mission trips to Uganda.

When hit with the glint of love's light,
even ordinary things become holy.

God will turn our ordinary into God's holy.
